## PETER FALKE SIGNATURE SYRAH IS SOUTH AFRICA'S WINE PAR® EXCELLENCE FOR 2014

Our winery has won the Gold Medal at the first PAR® Wine Award South Africa assessment, conducted in Germany. Close to 90 wines were submitted for this inaugural round of annual assessment under the PAR® system, which featured the slogan: How does South Africa taste?

The Peter Falke Signature Syrah 2012 received the highest score of 97 / 100 among the wines submitted during a blind tasting assessment which the PAR® System qualifies as world class wines.

"It's terrific to receive acknowledgment for all of these wines, but particularly the Signature Peter Falke Syrah, being part of our flagship range," says Peter Falke winemaker, Werner Schrenk, of the award. "It really endorses the outstanding quality of our premium range."

Only produced and released in exceptional vintages, our flagship Signature range is the finest reflection of Peter Falke's unique terroir and winemaking elegance. The range offers style and finesse, created for the connoisseur who appreciates fine wines with personality.

This 100% Syrah was produced from hand-harvested grapes and underwent natural fermentation in the cellar. After 40 days of skin contact, the wine was lightly pressed and matured for 18 months in 1st, 2nd and 3rd fill French oak barrels. The Syrah was then bottled in November 2013 and left to further mature.

The Peter Falke Signature Syrah 2012 offers notes of pomegranate, refined red fruits and perfume of white pepper on the nose. The complex palate is full-bodied and lingers with irresistible spicy flavours - making it ideal with red meat dishes such as slow-cooked beef brisket, grilled rack of lamb, delicate Indian curries and mild Mexican stews.

Just 3,600 bottles were produced and the wine is due for release on 9 April 2014. Our prediction is that the wine will be sold out before release, advance reservation is absolutely essential!
